

Luxury Outdoor Sound

## LUXURY SOUND

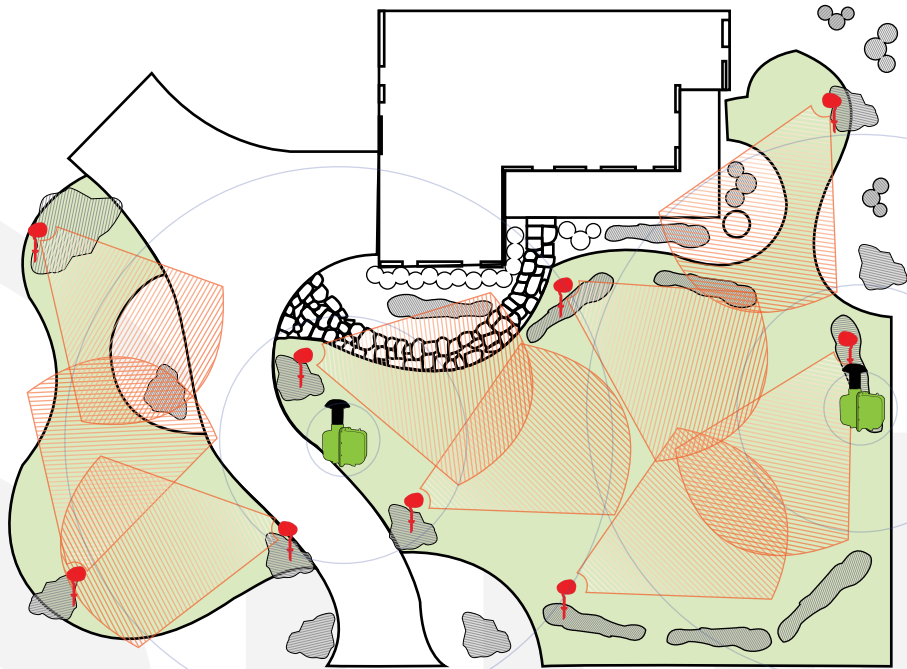

### FOR ULTIMATE VIEWS

The beauty of Mother Nature is remarkable. Enhancing that splendor in your own backyard can be done with a full-bodied audio system from TruAudio Luxury Outdoor Sound. Listen to beautifully toned music throughout your entire outdoor living space with state of the art Acoustiscape™ speakers and SubTerrain™ bass.

It's time to upgrade your outdoor space from good to great. Sound has come a long way from your father's old boom box on the patio to an immersive surround sound filling your backyard with music as it was meant to be heard. When spending time at the pool, on the patio, or in a hammock in the trees, you'll be relaxing to your favorite tunes through TruAudio's Luxury Outdoor Sound.
